### SUBAL ND500

Our logical follow-up in Nikon's world is our new brand housing for Nikon D500. Now, it is in phase of making prototype. May is estimated time for showing this prototype. This housing for the first time will have **new easy locking system**, which will become our standard locking system for all our housings. Also, this housing has **plug-in system** for installing camera into housing - there is no need for any setting of the camera before putting it into housing. With this self adjusting system with springs, the only thing that customer should do, is to fix camera on camera saddle, and to slide it into housing.

**You can already make pre-order for this housing. Retail price is 3.490 € without VAT. For pre-orders, we offer you on your dealers price, additional 3% discount.**

**Technical data:** Approx. dimensions: 221 x 187 x 125 mm; Approx. weight: 2 kg (w/o handles and ports).
