Standard viewfinder can be easily swapped with **new video viewfinder** that will improve filming in 4K that this model of camera now have. New SUBAL 5D mark IV underwater housing is **on stock!** More info about prices and lens/port/gear chart list you can find on our website www.subal.com!

NEW SUBAL BM4K HOUSING IS HERE

SUBAL prepared for this autumn new housing for Blackmagic 4K camera **with the latest camera firmer.**

The ergonomic SUBAL design and arrangement of all important elements of the housing allows the camera easy operation without letting go of the handle. Housing has three plugs which customer can use to connect camera remote control, vacuum pump and other accessories. There are also two mounting points for lights or other equipment. SUBAL offers zoom and focus gears from 20 mm up to 95 mm.

Retail price is 4.299 € without VAT.

Technical data: Approx. dimensions: 370 x 208 x 167 mm (with handles);
Approx. weight: 3 kg (w/o handles and ports).

SUBAL LEICA M HOUSING MEETS NIKONOS AND SEA&SEA LENSES

SUBAL produced lens adapter for users of Leica M housing with which this housing can be used with fantastic Nikkor and Sea&Sea underwater corrective lenses. It is possible to use Nikonos 15mm and Sea&Sea 20mm & 12 mm, and also Nikonos 80mm macro.

We tested our SUBAL Leica M housing with those lenses with extraordinary results.

announcements
