ULTIMAdigital **HASSELBLAD**
H3D II

Our philosophy is to provide an extreme device delivering extreme quality

Thoughtfully designed,
the well known Hasselblad H3D II
is most likely one the best cameras.
A high-end camera with great features offering superb image quality.
You may now take the Hasselblad subaqua for the first time
since it has been digitally revamped.
Our aim is to provide you with the tools
to achieve the highest quality photographic images underwater.
